

D. Nitish

dnitish2006@gmail.com
linkedin.com/in/nitishdeveloper | github.com/nitishkpriet

Technical Skills

- Programming: Python, Java
- Web Technologies: HTML, CSS, JavaScript, React.js, Next.js
- Backend: Flask, REST APIs
- Database: MySQL, MongoDB
- Tools: Git, GitHub

Experience

AI Intern – Infosys Springboard

Dec 2025 – Mar 2026

- Developed an Intelligent Poaching Detection System using AI techniques
- Applied data preprocessing and pattern recognition to detect suspicious activities
- Worked on real-world environmental problem improving analytical skills

Full Stack Intern – Adventure Technology Solution Pvt Ltd

Dec 2025 – Jan 2026

- Built full-stack web applications using MERN stack fundamentals
- Developed frontend using HTML, CSS, JavaScript and explored backend concepts
- Gained hands-on experience with MongoDB and frontend-backend integration

Projects

AI-Based Health & Medicine Care Application

- Built an AI-powered healthcare application to predict diseases from user symptoms
- Implemented medical report analysis to generate meaningful health insights
- Designed an interactive dashboard for monitoring patient health data
- Used Flask, APIs, HTML, CSS, JavaScript, and Next.js

Intelligent Poaching Detection System

- Developed an AI-based system to detect illegal poaching activities
- Applied machine learning and pattern recognition techniques

Sushi Food Website

- Developed a responsive website using HTML, CSS, JavaScript
- Designed clean UI with smooth animations and improved user experience

Education

B.E. CSE (AI ML) KPR Institute of Engineering and Technology

2024 – 2028

Certifications

- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate
- Oracle Cloud Infrastructure 2025 Certified Data Science Professional
- NPTEL – Industry 4.0 and Industrial Internet of Things (IIT Kharagpur)
- AI Aware Certificate – Intel

Achievements Activities

- Secured 2nd Prize in non-technical event at inter-college competition
- Participated in Shree Shakti Hackathon, building innovative solutions in a team environment
- Member of Google Cloud NVIDIA Developer Community
